

GEAR UP worksheet 2

Getting There

To achieve my career goals, I will need to get _____ years of education after high school. I will need to earn a[n] (associate's, bachelor's, master's, or doctoral degree) in (subject area).

To find the subject area you need to earn your degree in, think about what type of career interests you and find out what type of degree is required for your chosen career.

I am interested in attending these colleges:

List colleges and their locations. Explore the colleges in person or online, rank your choices and write a brief paragraph about what you like about each choice.

I know that I need to study hard to get into college. I am making a contract with myself to study harder so that I can achieve my goals. My plan for studying harder is:

There are several required courses I will need to meet college entrance requirements. The courses I will need in high school include:

To find out about entrance requirements, visit the student center at www.okhighered.org. Look at "courses to take."
