

# **Grant Opportunities for Oklahoma Higher Education**

**1/6/10**

This announcement is provided by the Oklahoma State Regents for Higher Education, Grant Writing and External Funding Assistance once or twice weekly. Grant opportunities are screened for higher education eligibility, listed by deadline date and grouped alphabetically by topic. Add your email address to the listserve at <http://lists.onenet.net/mailman/listinfo/okhigheredgrants> if you wish to be added to the direct mailing list. Check out the **Grant Opportunities for Oklahoma Colleges and Universities** web site at <http://www.okhighered.org/grant-ops/>.

Thank you!

## AGRICULTURE

**Deadline Date** – February 16, 2010

**Grant Resource** – US Department of Agriculture

**Category** – 1890 Institution Teaching, Research and Extension Capacity Building Grants Program

**Description** – The CBG Program is intended to stimulate development of high quality education, research and extension programs at these institutions in order that they may better assist USDA in its mission of providing a professional work force in the food and agricultural sciences.

**Size of Grant** – 70 awards of \$600,000

**Cost Sharing or Match** – No

## ALCOHOL AND DRUG ABUSE

**Deadline Date** – February 19, 2010

**Grant Resource** – US Department of Health and Human Services

**Category** – Consumer and Support Technical Assistance Centers

**Description** – The Substance Abuse and Mental Health Services Administration, Center for Mental Health Services is accepting applications for National Consumer and Consumer Supporter Technical Assistance Centers grants. The purpose of this program is to provide technical assistance to facilitate the restructuring of the mental health system by promoting consumer directed approaches for adults with serious mental illnesses. Such programs maximize consumer self-determination and recovery and assist

people with serious mental illness by decreasing their dependence on expensive social services and avoiding psychiatric hospitalization. The entities responsible for providing technical assistance for this program may be either consumer or consumer supporter organizations.

**Size of Grant** – 5 awards for \$330,000/yr for 5 years

**Cost Sharing or Match** – No

**Web** - <http://samhsa.gov/Grants/2010/SM-10-008.aspx>

**Deadline Date** – March 9, 2010; June 9, 2010

**Grant Resource** – US Department of Health and Human Services

**Category** – Mechanism for Time-Sensitive Drug Abuse Research (R01)

**Description** – This FOA is issued by the National Institute on Drug Abuse, NIH. The FOA is intended to support substance abuse prevention and treatment services research in rapidly evolving areas (e.g., changes in service systems, health care financing, policy, natural/man-made disasters, etc) where opportunities for empirical study are, by their very nature, only available through expedited review and award of support. There are three distinguishing features of an eligible study: 1) the study's scientific value and feasibility are clear, 2) rapid review and funding are required in order for the scientific question to be answered, and 3) the knowledge gained from the study is time-sensitive and seeking funding through the regular NIH cycle of review and award would result in a missed opportunity to conduct the research. It should be clear that the research question offers an uncommon and scientifically significant research opportunity that could only become available if the project is initiated with minimum delay.

**Cost Sharing or Match** – No

**Web** - <http://grants.nih.gov/grants/guide/pa-files/PAR-10-072.html>

**Deadline Date** – March 10, 2010

**Grant Resource** – US Department of Health and Human Services

**Category** – Access to Recovery

**Description** – The Substance Abuse and Mental Health Services Administration's Center for Substance Abuse Treatment announces the availability of funds for Access to Recovery grants. The ATR grants provide funding to carry-out voucher programs for substance abuse clinical treatment and recovery support services. The ATR Program is designed to provide client choice among substance abuse clinical treatment and recovery support service providers, expand access to a comprehensive array of clinical treatment and recovery support options (including faith-based programmatic options), and increase substance abuse treatment capacity. Monitoring outcomes, tracking costs, and preventing waste, fraud and abuse to ensure accountability and effectiveness in the use of Federal funds are also important elements of the ATR program.

**Size of Grant** – 30 awards of \$2-4 million

**Cost Sharing or Match** – No

## **ARTS AND CULTURE**

**Deadline Date** – January 15, 2010

**Grant Resource** – Music Is Revolution Foundation

**Category** – Music Education

**Description** – The Music Is Revolution Foundation administers a mini-grant program for activities designed by teachers to implement, support, and/or improve their ability to provide quality music education for their students. Mini-grants are available to teachers for music education activities of all types. Only projects that clearly contain a music education focus will be considered, for example, projects based on the concept of music education through musical experiences, initiating students into a sense of their social, academic, and cultural identity, and humanizing them through the emotional, cognitive, and/or physical impact of music. Applicants are encouraged to include activities that expose students to genres and styles of music not likely to be experienced as a part of their normal daily lives, and to plan the project with input from students, parents, and school administrators so it supports the imaginations of students while maintaining relevance to the curriculum already in place.

**Size of Grant** - \$500

**Cost Sharing or Match** – No

**Category** – We the People Bookshelf

**Description** – The We the People Bookshelf, a collection of classic books for young readers, is a project of the National Endowment for the Humanities' (NEH) We the People program, conducted in cooperation with the American Library Association (ALA) Public Programs Office. Each year, NEH identifies a theme important to the nation's heritage and selects books that embody that theme to build the We the People Bookshelf. The theme for the 2009-2010 Bookshelf is "A More Perfect Union." A total of 4,000 public and school (K-12) libraries will be selected to receive the "A More Perfect Union" Bookshelf. Awards will be announced in April 2010. The "A More Perfect Union" Bookshelf grants are part of the NEH's We the People initiative, which aims to encourage and strengthen the teaching, study, and understanding of American history and culture through libraries, schools, colleges, universities, and cultural institutions.

### **PUBLISHING**

### **RURAL DEVELOPMENT**

### **SCIENCE; ENVIRONMENTAL SCIENCE; BIOLOGY; CHEMISTRY**

**Deadline Date** – January 19, 2010 Letter of Intent, February 12, 2010 Proposal

**Grant Resource** – National Science Foundation

**Category** – Innovative Technology Experiences for Students and Teachers (ITEST)

**Description** – The Innovative Technology Experiences for Students and Teachers (ITEST) program responds to current concerns and projections about the growing demand for professionals and information technology workers in the U.S. and seeks solutions to help ensure the breadth and depth of the Science, Technology, Engineering, and Mathematics (STEM) workforce. ITEST supports research studies to address questions about how to find solutions. It also supports the development, implementation, testing, and scale-up of implementation models. A large variety of possible approaches to improving the STEM workforce and building students' capacity to participate in it may be implemented and studied. ITEST projects may include students or teachers, kindergarten through high school age, and

any area of the STEM workforce. Projects that explore cyberlearning, specifically learning with cyberinfrastructure tools such as networked computing and communications technologies in K-12 settings, are of special interest.

**Size of Grant** – 40 awards of an average of \$35,000

**Cost Sharing or Match** – No

**Deadline Date** – January 25, 2010; May 25, 2010

**Grant Resource** – US Department of Health and Human Services

**Category** – Technology Development for High-Throughput Structural Biology Research (P01)

**Description** – This FOA issued by the National Institute of General Medical Sciences, NIH, encourages grant applications from institutions/organizations that propose to develop novel technologies and methodologies underpinning high-throughput structural biology. Applications for new ideas and approaches for protein production and structure determination for classes of challenging proteins are appropriate. Projects related to high-throughput structure determination by X-ray crystallography and NMR, as well as projects addressing other constituent tasks of structural biology, including structural genomics, are relevant to this FOA. Applications should focus on methods development to solve challenging proteins that are not currently amenable to high-throughput structural biology. These challenging proteins include, but are not limited to, membrane proteins, small protein complexes, and proteins from human and other higher eukaryotes.

**Grant Resource** – ARRA US Department of Health and Human Services

**Category** – ARRA Competition: NIH Basic Behavioral and Social Science Opportunity Network (OppNet) Short-term Mentored Career Development Awards in the Basic Behavioral and Social Sciences for Mid-career and Senior Investigators (K18) Grant

**Description** – This NIH FOA, supported by ARRA invites applications for short-term mentored career development (K18) awards in the basic behavioral and social sciences research (b-BSSR) from three months to one year in duration. The program targets established, mid-career and senior investigators, to support their development of research capability in b-BSSR. Two categories of candidates are targeted: (a) biomedical or clinical researchers with little experience in basic behavioral and social sciences research who seek training with a well established b-BSSR investigator and (b) investigators in the basic or applied behavioral and social sciences who wish to build new components or domains into their research programs. The intent of this FOA is to provide candidates with protected time to achieve a shift in the focus of their research direction in the basic behavioral and social sciences, or to substantially enrich a current research program through the introduction of tools, theories or approaches from another discipline or area of science; it is not intended as a substitute for research project support.
